WINCHESTER REPEATING ARMS CO., NEW HAVEN, CONN.

It is now Governor Ferguson of Oklahoma.

New Mexico Demands Statehood of the 57th Congress.

Statehood! Statehood for New Mexico! Fight for it.

Andrew Carnegie has offered the nation \$10,000,000 to establish a national university in the city of Washington. This is a magnificent gift and worthy of the giver.

The majority of the Court of Inquiry may censure Admiral Schley but the great American public will ever believe with Admiral Dewey that Schley deserves the greatest honors of all were near or participated in that great naval battle off the coast of Santiago that memorable July morning.

The total cost of the term of court held last week was \$1,186.80, which leaves about \$1,700 in the court fund, and insured us again two terms of court next year, if there is sufficient business. The District Attorney and court officials deserve much credit for not bringing in a lot of useless witnesses and otherwise squandering the county's money.—Orest.

The President did a wise act for New Mexico when he nominated Chief Justice W. J. Mills, Associate Justices John R. McFie, and Frank R. Parker to succeed themselves on the Supreme bench of this territory. The people of this judicial district who believe in law and justice are more than pleased to know that our courts will be presided over by such an eminent jurist as Judge J. R. McFie.

If New Mexico does not get statehood at the hands of the 57th congress, the blame should be laid at the door of the assessors and county commissioners throughout the territory. If they had assessed all property at its true value irrespective of the owners, New Mexico would look better on the outside. The low assessment to favoritis has reduced the assessment roll to such an extent that it looks as if the territory was retrograding which is far from the truth.

It looks as if work would soon be started on the proposed Nicaragua canal connecting the Atlantic and Pacific oceans as the bill in congress for its construction has been favorably reported for passage by the committee. The great transcontinental railroads are no longer in control in Washington and their boast "that the canal would never be built," looks as if they were "counting the chickens before they were hatched." The senate, Dec. 16, ratified the Hay-Pauncefote Isthmian canal treaty by a decisive vote of 72 to 6. This treaty gives the United States partial control of the canal.

If a few more of our big men leave for Washington, the great responsibility of New Mexico, will fall upon the shoulders of us smaller fries.

Albuquerque, Las Vegas, and Santa Fe are after the new militia past to be established in New Mexico or Arizona. If there are any more candidates for the honor, please stand up and be counted.

Territorial Topics.

The New Mexico Educational Association will meet at Albuquerque during the holidays. It will be called to order Thursday afternoon, Dec. 26, and will also be in session Friday and Saturday.

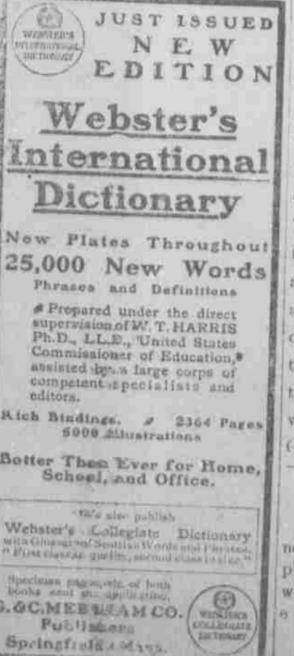

New Mexico Educational Association will meet at Albuquerque, during Holiday Week. It will be called to order Thursday afternoon and will hold sessions on Friday and Saturday.

Pablo Martinez has been appointed postmaster at Colonias, Gaudin county, vice Rido Gallegos, resigned; George B. Haggitt has been appointed postmaster at Zuni, McKinley county, vice Margaret L. Aherny, removed.

People are locating from various sections of the country in southern Colfax county. This week residents of the Stonewall country have located on the Cinco, and taken up homesteads. The party is composed of seven voters, 300 head of cattle, 200 head of goats, 1500 head of sheep and 100 head of horses.—Stokman.

It is rumored on good authority that a new flouring mill will be built at Park View next spring and be ready for the fall crop of wheat. The mill will be equipped with modern machinery and run by steam power. This will be quite an inducement to our farmers as enable them to sow acres of wheat which they haven't done heretofore. We trust the rumor is true.—Charma Republican.

James Chambers, life convict from Serra county, and another convict at the penitentiary, were missing last evening at roll call. Chambers was the convict who several months ago had hidden in a secret chamber in the chimney of the brick making plant and which he had constructed himself while at work on the chimney. This forenoon both convicts were found hidden in a tunnel in which the water pipes and the sewer pipes of the penitentiary are laid.—Santa Fe New Mexican.

MINING NEWS

J. J. Bigelow is developing the Big Quartz near the Stefa.

We understand work has been resumed on Rock of Ages.

The owners of the Sealot reports a still larger assay on the concentrates from that property.

The Lithian Mining and Milling company has begun operation on Central Tunnel. This property has a large amount of development work but the company is mum when talking about the values of the ore. Though there are rumors that they have a fine lead that mill very high, which they will follow this winter.

Harry Brandenburg and son have received word to begin work at once on the Stella group of mining claims, three miles up Pioneer creek of Black Mountain. This property is counted one of the best in camp but it has been in litigation for the past three or four years with the owners of the Last Chance.

AWARDS FOR NEW MEXICO.

The Territorial Horticultural Exhibit Was a Prize Winner at Buffalo.

Colonel A. E. Page of Boswell, a member of the Charleston exposition board for New Mexico, writes Chairman W. H. Pope of that board that he is about to make shipment of the Pecos Valley exhibit to Charleston. As illustrating the good these exhibits do the territory, he states that he has received word from the jury of awards of the Pan American exposition at Buffalo, that the horticultural exhibit carried by Colonel Page to Buffalo had been awarded two gold medals, three bronze medals, and five honorable mentions. Colonel Page mentions the fact that this was accomplished at an expense of less than \$100 and yet New Mexico thereby got more awards than New York which spent over \$50,000.

OTERO ASSURED

OF APPOINTMENT

A dispatch from Washington, to the Denver Republican of Dec. 16, states that a delegation consisting of Col. Llewellyn, Judge A. B. Fall, Capt. Dane, Charles Spies, Solomon Luna, national committeemen, and Frank Hubbell of New Mexico today called on the president in the interest of the reappointment of Gov. Otero. The president the delegation that he would reappoint Gov. Otero if a certain charge of a minor character was answered. This charge one of the members of the delegation was able to explain, and when the delegation departed it was with the practical assurance that Gov. Otero would be reappointed.

NOTICE

All persons are hereby warned not to trespass upon the June Bug placer claim, or to remove any wood or timber from the said mine.
June Bug M. & M. Co.,
Ed. Hettov, Manager.

NOTICE FOR PUBLICATION

M. A. NO. 112.

United States Land Office, Santa Fe, New Mexico, Oct. 11 1901.
Notice of Application for United States Patent.

Notice is hereby given, that application of Chapter six of Title Thirty two of the Revised Statutes of the United States, that John Conley, whose postoffice address is Red River, Taos County, New Mexico, claiming fourteen hundred and ninety nine and seven tenths linear feet of the Arconada No. 3 Quartz Vein lode or mineral deposit, bearing copper and gold, with surface ground thereon, situated in the Red River Mining District, in the county of Taos and Territory of New Mexico, has made application for United States Patent for the said mining claim, which is more fully described as to metes and bounds, by the official plat thereof posted on said mining claim, and in the office of Register of the United States Land Office at Santa Fe, and by the official field notes of survey thereon, now filed in the office of the Register of the United States Land Office at Santa Fe, New Mexico, which field notes of survey describe the boundaries and extent of said claim on the surface, with magnetic variation at 13 deg. 43 min. 22 sec. east, as follows, to-wit:

Beginning at the north east corner No. 1, a poplary stone 23x97 ins., 8 1/2 ins. in the ground with mound of stone, base and 1 1/2 ft. high around it, marked x on top and 1-1078 on west face for corner No. 1, Whence:

U. S. L. M. No. 2, in the Red River Mining District, in Taos County, New Mexico, bears N. 1 deg. 30 min. W., 229.9 ft.

Cor. No. 1 sur. No. 1072, Kather Lode, which is a spruce post 5 ins. square 2 1/2 ft. long set 18 ins. in the ground and scried 1-1072 bears 45 deg. 41 min. E., 1085.5 ft.

Cor. No. 6, Sur. No. 954, Gilt Edge Placer, which is spruce post 5 ins. square 2 1/2 ft. above ground scried 6-954 bears south 56 deg. 51 min. E. 1005 ft.

Thence west, variation 13 deg. 43 min. 22, 300 ft. to corner No. 2, a poplary stone 20x155 ins., in the ground with mound of stone around it, 2 ft. base and 1 1/2 ft. high, marked x on top and 2-1122 on east face.

A spruce tree 15 ins. in diameter blazed and scried x B T. 2-1108 bears S. 67 deg. 35 min. E. 22.5 ft.

A spruce tree 8 ins. in diameter blazed and scried x B T. 2-1108 bears E. 51 deg. 43 min. 35.5 ft.

Thence south, variation 13 deg. 43 min. E. 1492.7 ft. to cor. No. 3, a spruce post 6x6 ins., square 3 1/2 ft. long set 18 ins. in the ground with mound of earth around it scried 3-1108 on east face.

A spruce tree 14 ins. in diameter, blazed and scried x B T. 3-1108 bears N. 54 deg. 6 min. W. 28.7 ft.

A spruce tree 4 ins. in diameter, blazed and scried x B T. 3-1108 bears S. 2 deg. 40 min. W. 41 ft.

Thence East variation 14 deg. E. 300 ft. to cor. No. 4, a spruce post 4x4 ins., square 2 1/2 ft. long set 18 ins. in the ground, with mound of earth around it scried 4-1108 for cor. No. 4.

A spruce tree 18 ins. in diameter, blazed and scried x B T. 4-1108 bears N. 70 deg. 33 min. W. 22 ft.

A spruce tree 14 ins. in diameter, blazed and scried x B T. 4-1108 bears S. 1 deg. 33 min. E. 20 ft.

Thence south, variation 13 deg. 43 min. E. 1192.7 feet to cor. No. 1, the place of beginning. Containing an area of 10.25 acres.

The notice of location of said Arconada No. 3, quartz vein lode or mineral deposit, is shown upon the plat posted upon said claim and filed in the office of Register of U. S. Land Office at Santa Fe, New Mexico, as near as can be determined from present recollection. This claim being for fourteen hundred and ninety nine and seven tenths linear feet thereof, together with surface ground thereon, bounded for its width as shown upon the official plat posted upon said claim. The said mining premises sought to be patented is bounded as follows, to-wit: On the north the Copper King Lode, on the east by the Arconada No. 3 lode claim, on the south by the Arconada No. 4 lode claim, and the Incumbent locust claim.

Any and all persons claiming adversely the mining ground, vein, lode, premises, or any portion thereof, as described, surveyed, blazed and scried for, are hereby notified that unless their adverse claims are duly established according to law, and the provisions hereunder, within the time prescribed by law, within the period of 90 days of the United States Land Office at Santa Fe, Territory of New Mexico, the will be barred by virtue of the provisions of said statute.
